SUMMARY

Passionate and self-motivated frontend developer with hands-on experience in building responsive, user-friendly web applications. Originally trained in Java and Spring Boot, I transitioned into frontend development after discovering a deep interest in creating intuitive user interfaces. Proficient in HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, React, Next.js, Redux, and RTK Query. Experienced in building full-stack applications using Express.js and MongoDB for backend services. A fast learner and problem-solver with a strong focus on clean, maintainable code. Seeking to grow in a frontend-focused role where I can contribute to impactful projects and continuously evolve with modern web technologies.

Working Experience

Everlast Marine Services Pte Ltd, Singapore   **May 2024 - Present**
Office Staff
- Handle daily administrative tasks using Microsoft Word, Excel, and PDF tools.
- Support documentation processes and maintain organized digital records.
- Assist in setting up forms to allow document uploads and streamline workflow.
- Provide general office support and contribute to efficient team operations.

(Training Own Projects and Class Projects)
FairwayTechnology, JavaDeveloperClass, Turing DSA Course & TuringJS+ReactCourse
- Gained strong hands-on experience through class projects focused on frontend and full-stack development.
- Built responsive web applications using HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, React, and Next.js.
- Developed full-stack projects such as a movie website and a to-do app using Express.js, MongoDB, Redux, and RTK Query.
- Continuously practiced and improved frontend skills through real-world simulations and self-initiated mini-projects.

Education

National Management Degree College, Yangon
Bachelor of Tourism and Hospitality Management (First Year Completed).   2019 – 2020

- Studies discontinued due to the COVID-19 pandemic and political unrest in Myanmar.

Additional Information

Languages: Burmese (Native), English (Intermediate – working proficiency)

Soft Skills: Strong communication skills, Team player with collaborative mindset
Problem-solving and critical thinking, Fast learner and highly adaptable
Self-motivated with a proactive attitude

Note: I plan to leave this position in June 2025 to transition into a full-time career in web development(frontend), which has always been my passion.
